

Youthful Voices Unite for the Jal Jeevan Mission at M.K DAV Public School, Daltonganj

In a dedicated effort to promote environmental awareness, the Institution organized a Hindi speech competition today centered on the Jal Jeevan Mission . Students stood before their peers to deliver stirring orations on the critical importance of water conservation emphasising the urgent need for sustainable practices in their daily lives. The event, held under the Jal Pakhwada initiative , transformed the classroom into a forum for change where the young speakers used the power of language to advocate for the preservation of our planet's most vital resource.

The Honourable Principal, MRS. INDRANI CHATTERJEE praised the students' passionate delivery of speeches remarking that their clarity of thought and spirited expression truly breathed life into the mission of conservation. She further articulated that the primary goal behind such programs is to instill a commitment to sustainable living in students from a young age. By encouraging students to voice their concerns and solutions, the school aims to cultivate a generation that doesn't just understand the science of conservation but feels a moral obligation to lead the charge toward a water-secure future.
