

Let Childhood Bloom: A Step Taken Towards Baal Vivaah Mukti Bharat at M.K DAV Public School, Daltonganj

With a firm resolve to nurture a society free from the shackles of child marriage, the institution organised a series of awareness-driven activities today under the banner Baal Vivaah Mukti Bharat. The programme commenced with a solemn pledge wherein students collectively vowed to uphold the rights of children and stand against the social evil of child marriage.

This was followed by a thought-provoking debate that echoed young minds articulating strong arguments on the need for education, awareness and legal action to eradicate this practice. The essay writing activity provided students a platform to pen their reflections with sensitivity and conviction highlighting the physical, emotional and social repercussions of child marriage. Creativity found vibrant expression through poster making where impactful visuals and slogans conveyed powerful messages advocating a secure and dignified childhood for every child.

The Honourable Principal, Mrs. INDRANI CHATTERJEE in her enlightening message appreciated the active participation and maturity displayed by the students. She emphasised that education is the most potent tool to bring about social transformation and urged the students to become responsible ambassadors of change. She reiterated that a Baal Vivaah Mukti Bharat is not merely a vision but a collective responsibility that begins with informed and compassionate youth.

The programme successfully instilled awareness, empathy and a strong sense of social responsibility among the students, reaffirming the school's commitment to nation-building through value-based education.
