

Verses Without Borders: 'Poetry Across Language' Enthralls the Audience at M.K DAV Public School, Daltonganj

In resonance with Bharatiya Bhasha Utsav 2025, the activity “Poetry Across Language” unfolded like an elegant literary symphony where poems from various Indian languages were recited with clarity, emotion and deep sensitivity. The presentation highlighted the richness of poetic traditions—from lyrical folk verses to classical compositions—revealing how each language holds within it a distinct rhythm, metaphor and worldview. Students accompanied their recitations with brief explanations helping the audience connect with the essence of the chosen work. This thoughtful curation showcased poetry as a universal medium of expression that transcends linguistic barriers while retaining cultural character.

The Honourable Principal, Mrs. INDRANI CHATTERJEE observed that such literary experiences enrich learners’ aesthetic appreciation, encourage multilingual reading and foster an understanding that India’s poetic heritage is a shared treasure belonging to every citizen.
