Another Day of Delight: Class I and IV Revel in a Joyous Picnic at M.K DAV Public School, Daltonganj

Today once again, the school campus sparkled with infectious cheer as a spirited picnic was organised for the students of Class I and IV . The little ones stepped into the day with bright smiles carrying lovingly packed meals that added a homely touch to the celebration. The Children's Park soon transformed into a landscape of laughter as the students revelled in exciting rides, outdoor games and lively group activities that encouraged camaraderie and pure enjoyment. Their animated movements, eager expressions and tender instinct to explore filled the air with warmth and vitality. Dancing to playful tunes and soaking in every moment, the children created memories woven with fun, freedom and the carefree rhythm of childhood.

The Honourable Principal, Mrs. INDRANI CHATTERJEE while acknowledging the seamless efforts of the teachers, expressed her joy at witnessing the students participate with such budding inquisitiveness and enthusiasm—traits that help shape their early emotional strength. She further remarked that experiences like class picnics enrich children's understanding of the world beyond classrooms and gently nurture their holistic growth enabling them to explore, engage and flourish with natural ease.
