

Jal Pakhwada 2026: Nurturing Every Drop, Securing Every Future*

In a world where water is the very lifeblood of our existence, conservation is no longer an option—it is a sacred responsibility. Following the visionary mandate of the Central Board of Secondary Education and the national “Jal Shakti Abhiyan: Catch the Rain” campaign, M K DAV Public School, Daltonganj, is proud to observe Jal Pakhwada from 16th to 30th April 2026.

As the inaugural activity, several electronic banners were designed to sensitize students to water conservation. Through these vibrant displays, the school shows its strong commitment and ignites a collective resolve to protect our natural heritage for generations to come.

The Honourable Principal, MRS. INDRANI CHATTERJEE views this initiative as a critical step towards Sustainable Development emphasizing that we must manage our "Blue Gold" with the same judicious care as any precious asset. She believes that by dedicating an intensive fortnight to water consciousness, the school creates an immersive environment where sustainability shifts from an abstract concept in a textbook to a lived, daily value. To her, this Pakhwada is not just an event but a transformative period where students learn to balance current consumption with long-term preservation.

CONSERVE WATER, SAVE LIFE

Small Actions, Big Difference!

1 Turn off the Tap

(while brushing, washing hands)
Save gallons by turning off the tap

2 Fix Leaks Promptly

Repair leaky pipes & faucets immediately

3 Take Shorter Showers

Limit showers to 5 minutes to reduce water use

4 Water Plants Smartly

Water in the early morning or late evening; use mulch

5 Run Full Loads

6 Reuse Water

Collect greywater & rainwater for non-drinking uses

EVERY DROP COUNTS!

JOIN THE EFFORT
