

## वर्णों का खेल – हिंदी गतिविधि

At M.K. DAV Public School, Daltonganj

Language learning became joyful and interactive during the exciting “वर्णों का खेल” activity organized for the young learners of Hindi at M.K. DAV Public School. The activity aimed to strengthen students’ understanding of Hindi letters, pronunciation, and word formation through fun-filled educational games.

Students enthusiastically participated in identifying vowels and consonants, arranging letters to form meaningful words, and engaging in creative language-based competitions.

The vibrant atmosphere reflected the children’s curiosity, confidence, and love for learning Hindi in an enjoyable manner.

Under the inspiring guidance of our Honourable Principal, Mrs. Indrani Chatterjee, the event successfully promoted language skills, creativity, and active participation among students. Her constant encouragement motivates students to learn with enthusiasm and confidence.

The activity beautifully conveyed the message:

“खेल-खेल में सीखना ही सच्ची शिक्षा है।”

Such innovative classroom activities continue to make learning meaningful, engaging, and memorable for every child.
