

**Shared Wisdom, Shared Identity: ‘Unity in Proverbs’ Showcases India’s  
Collective Voice at M.K DAV Public School, Daltonganj**

Echoing the essence of Bharatiya Bhasha Utsav 2025, the intellectually engaging activity “Unity in Proverbs” brought forward the timeless wisdom embedded in India’s many languages. Students selected proverbs from different regions and compared how similar ideas—about integrity, hard work, humility, prudence or humour—appear in varied linguistic forms. Their efforts revealed that despite linguistic uniqueness, Indian cultures often arrive at the same moral and philosophical insights. Through examples from everyday life, the presenters demonstrated how proverbs act as mirrors of societal values and repositories of intergenerational wisdom.

The Honourable Principal, \*Mrs. INDRANI CHATTERJEE praised the learners’ thoughtful connections noting that such presentations nurture analytical thinking, deepen cultural awareness and inspire students to recognise the underlying unity that binds India’s seemingly diverse linguistic expressions.
