## **A Moment of Pride: M.K DAV Public School, Daltonganj Triumphs in the National Science Day Quiz**

On the auspicious occasion of National Science Day , a spirited quiz competition was organized by the Science and Innovation Club of Government Engineering College, Palamu to celebrate the essence of scientific curiosity and innovation. The event unfolded as an intellectually vibrant platform where students enthusiastically engaged in testing their scientific aptitude, analytical skills and conceptual clarity making it an enriching academic experience for all participants.

Adding to the glory of the celebration, our school emerged victorious in the quiz competition filling the campus with immense pride and joy. The outstanding winners — Vishnu (Class 7A), Aditya Kumar (Class 7E), Harshit Tiwary (Class 7E) and Raj Nandini (Class 7F) — exhibited remarkable confidence, sharp intellect and an admirable command over scientific concepts. Their achievement is a reflection of their sincere preparation, inquisitive spirit and the strong academic ethos nurtured within the institution.

Expressing her heartfelt delight, the Honourable Principal, MRS INDRANI CHATTERJEE congratulated the winners for bringing laurels to the school and commended their dedication and excellence. She appreciated the initiative behind organizing such a meaningful academic activity stating that celebrations like National Science Day inspire students to develop scientific temper, curiosity and innovative thinking. She further opined that such initiatives not only enrich learning experiences but also instill a sense of achievement, motivation and collective pride thereby encouraging students to pursue knowledge with passion and purpose.
