

Vedic Wisdom Invoked as Ved Saptah Commences at M.K. DAV Public School, Daltonganj

In accordance with the directives issued by the Arya Pradeshik Pratinidhi Sabha , the observance of Ved Saptah commenced today at the Institution with an Invocatory Ceremony marked by prayer and offerings in the sacred Havan . The serene atmosphere echoed with the recitation of mantras from the Rigveda while their significance was explained, bringing forth the philosophical depth and spiritual insight embedded in the ancient Vedic tradition. The ceremony provided a reverent beginning to the ceremonial proceedings of the Ved Saptah and acknowledged the enduring value of India's Vedic heritage.

Speaking about the initiative, the Honourable Principal, MRS. INDRANI CHATTERJEE stated that observances such as Ved Saptah provide an avenue for keeping the country's ancient intellectual and spiritual heritage connected with contemporary educational life. She observed that familiarity with the Vedas can enable the younger generation to approach India's heritage with greater awareness and appreciation. She further expressed the view that such initiatives can bring profound wisdom of the scriptures into the school environment in a manner that encourages thoughtful engagement with the values and ideals they embody.

The opening ceremony thus set a contemplative tone for Ved Saptah, with the sacred recitation and havan invoking an atmosphere of spiritual tranquility as the school embarked upon the week-long journey of Vedic thought and its relevance.
