

Conclusion of the Two-Day Capacity Building Programme: A Step Towards Academic Excellence

The two-day Capacity Building Programme for teachers, organised under the aegis of DAV CAE at the Regional Training Centre, DAV JH Zone – B & J , concluded successfully today. The second day featured insightful sessions, interactive discussions and reflective activities that enriched subject knowledge and strengthened innovative and learner-centric pedagogical practices.

Teachers across various disciplines participated with enthusiasm, engaging in meaningful academic exchange and gaining valuable insights into contemporary teaching methodologies and competency-based learning. The sessions fostered collaboration, professional reflection and a deeper understanding of effective classroom engagement.

Sharing her views on the successful culmination of the programme, the Honourable Principal MRS. INDRANI CHATTERJEE remarked that such initiatives play a pivotal role in the continuous professional growth of educators. She stated that capacity building programmes empower teachers with updated knowledge, refined skills and a progressive outlook enabling them to create more dynamic and intellectually stimulating learning environments. She further remarked that the successful completion of the programme stands as a reflection of the institution's enduring pursuit of academic excellence and its deep-rooted belief in lifelong learning.

The programme concluded on a note of inspiration and professional fulfilment, leaving the participants better equipped to translate their learning into enriched and effective classroom practices.
