

## **Little Voices, Big Messages: Slogan Writing on Road Safety at M.K DAV Public**

### **School, Daltonganj**

To further reinforce the message of road safety , a Slogan Writing event was conducted in the Junior Wing. Students showcased their creativity by penning short, impactful slogans on safe road practices such as obeying signals, wearing helmets and valuing human life. The colourful and thoughtful slogans reflected the children's growing awareness and sense of responsibility.

The activity encouraged creative thinking while strengthening the idea that every small message can contribute to a safer society.

The Honourable Principal, MRS. INDRANI CHATTERJEE remarked that slogan writing empowers children to express social messages with clarity and conviction. She observed that when students create their own messages, they develop a deeper understanding of the cause. She emphasised that such activities nurture creativity while instilling essential life skills, confidence and social responsibility. She concluded by stating that small ideas, when expressed sincerely can bring meaningful change in society.
