Today World Art Day was celebrated with great enthusiasm and artistic vibrancy in the school as students from both the Senior Wing and Junior Wing immersed themselves in a spectrum of creative pursuits. The occasion unfolded as a joyful tribute to imagination and aesthetic exploration transforming the campus into a lively canvas of colours and creativity.

A diverse range of activities was thoughtfully organised to engage students across age groups. The young artists enthusiastically participated in face painting and hand painting showcasing their flair for intricate designs and vivid colour combinations. Glass and pot painting reflected remarkable precision and creativity while paper craft and origami activities highlighted patience and fine craftsmanship. The shimmering allure of glitter art added a festive sparkle and wall painting initiatives brought collective creativity to life on a larger scale.

In addition, classroom painting competitions provided a platform for students to express their unique perspectives through art. Paper mask-making activities saw imaginative transformations with students designing expressive and innovative masks. The celebration extended beyond visual arts as students also presented art through dance blending rhythm and expression seamlessly. The fancy dress segment added charm and liveliness with participants embodying various artistic themes and characters.

Reflecting on the significance of the day, the Honourable Principal, MRS INDRANI CHATTERJEE expressed immense satisfaction at the spirited involvement of students and emphasised that art, in its many forms, nurtures imagination and refines sensitivity, thereby elevates our perception of the world around us. She also lent prominence to such enriching experiences in strengthening creative potential alongside academic excellence. She also accentuated Art's role in instilling discipline and originality. The celebration stood as a meaningful reminder to embrace creativity as a powerful mode of self-expression and to appreciate the beauty and diversity of artistic endeavours in everyday life.
